Clay for Kids is Coming to Your School Parent Permission Request Form Clay for Kids has delivered a portable pottery program to children in schools in Calgary since 1981. Each child has the opportunity to discover and explore his/her creativity by working with clay. They are also provided with an understanding of the properties of clay and see a demonstration of clay throwing on our portable pottery wheel. Each child makes a unique clay creation that will be taken to our studio, fired and then returned to the school for finishing within 21 days. The finished project will be a permanent keep-sake for the child. Clay for Kids will be coming to your school on _____. We will be making a clay project that has been pre-selected by the Teacher from over 150 available curriculum and art projects. Alternatively, the Teacher may select ceramic painting of a pre-fired bisque ware piece or making a fused glass project. The cost of this project will be _____ per child plus GST.

Participation: Yes, I want my child to participate. No, my child will not participate. Payment: Name of child: _____ Teacher's Name: _____ Your Name (please print): _____ Your Signature: _____
